Junk / Salvage / Insurance Records								
This section lists junk, salvage, and insurance records (if any).								

If VIN has a record in the Junk/Salvage or Insurance information then the business that submitted the VIN to NMVTIS deemed the vehicle to be either a junk, salvage, or in the case of an insurer, a total loss. The information in the DISPOSITION field in the Junk/Salvage section denotes what has happened to the VIN (i.e., vehicle) since it came into the possession of the business.

The National Motor Vehicle Title Information System (NMVTIS) is an electronic system that contains information on certain automobiles titled in the United States. NMVTIS is intended to serve as a reliable source of title and brand history for automobiles, but it does not contain detailed

All states, insurance companies, and junk and salvage yards are required by federal law to regularly report information to NMVTIS. However, NMVTIS does not contain information on all motor vehicles in the United States because some states are not yet providing their vehicle data to

the system. Currently, the data provided to NMVTIS by states is provided in a variety of time frames; while some states report and update NMVTIS data in "real-time" (as title transactions occur), other states send updates less frequently, such as once every 24 hours or within a

Information on previous, significant vehicle damage may not be included in the system if the vehicle was never determined by an insurance

NMVTIS Data Providers (look for the NMVTIS logo) can include vehicle condition data from sources other than NMVTIS.

managed by a separate state agency), although these records may be added at a later time.

information regarding a vehicle's repair history.

Cost of Ownership

NMVTIS data includes (as available by those entities required to report to the System): Information from participating state motor vehicle titling agencies. Information on automobiles, buses, trucks, motorcycles, recreational vehicles, motor homes, and tractors. NMVTIS may not currently include commercial vehicles if those vehicles are not included in a state's primary database for title records (in some states, those vehicles are

Information on "brands" applied to vehicles provided by participating state motor vehicle titling agencies. Brand types and definitions vary by state, but may provide useful information about the condition or prior use of the vehicle. Most recent odometer reading in the state's title record. Information from insurance companies, and auto recyclers, including junk and salvage yards, that is required by law to be reported to the

system, beginning March 31, 2009. This information will include if the vehicle was determined to be a "total loss" by an insurance carrier.

Consumers are advised to visit <u>www.vehiclehistory.gov</u> for details on how to interpret the information in the system and understand the
